ASSEMBLY INSTRUCTIONS

STEP 1:

Unbox off-road kit from packaging and remove grates, drip pan, and deflector from grill

STEP 2:

With assistance, and using cardboard packaging as a protectant, gently lay grill on its back.

Take steps to ensure grill and hopper lid remain closed.

STEP 3:

Remove all four wheels from the underside of the bottom shelf and retain all hardware (bolts, washers, and lock washers)

STEP 4:

Using original wheel hardware, install each individual locking wheel into bottom shelf on the side of the grill that DOES NOT contain a grill pull bar connected to the barrel

STEP 5:

Using original wheel hardware, install swivel wheel assembly into bottom shelf on the side of the grill that DOES contain a grill pull bar connected to the barrel

STEP 6:

With assistance, stand grill upright

STEP 7:

Slide off road kit pull bar base onto swivel wheel assembly and insert locking pin

STEP 8:

Using short bolts, washer, lock washer, and nut, install off road kit pull base to off road kit pull bar handle

STEP 9:

Using long bolt, large washers, and nut, install pull bar bracket to grill pull bar

STEP 10:

Reinstall deflector, drip pan, and grates into grill
